Verified Low Rolling Resistance Retread Technologies

Brand	Drive	Trailer
Bridgestone/Bandag	B710 FuelTech (preure), B135 FuelTech (preure)	B197 FuelTech (preure), B135 FuelTech (preure)
Continental	HDL Eco Plus (preure), HTL Eco Plus (preure)	HTL Eco Plus (preure)
Goodyear	G305 ATS (preure), G572 (preure)	G316 AT (preure)
Marangoni	N/A	Ringtread RTA-E (preure)
Michelin	XDA2 -AT (preure), X One XDA HT (preure)	XT1-AT (preure), X One XTA (preure)
Oliver		ULP (preure)

TIRES & RETREADS

CONTINUED

Hankook

Hankook SmartWay approved products include the AL11 and AL07+ steer tires with new casing and tread technologies designed to enhance fuel efficiency. Also offered are the AH24 all-position regional haul, DL11 and Z35A drive tires and the TL01 trailer tire. www.hankooktireusa.com

Marangoni Tread North America

Marangoni's splice-less Ringtread SmartWay verified product is the Energeco trailer RTA-E, 12/32-in., 4 rib model with advanced compounding and tread designed to maximize fuel efficiency. Energeco drive RDA-E 25/32-in. and wide base Ringtreads soon will be verified. www.marangoni-na.com

Michelin

Michelin SmartWay verified tires and retreads include XZA3+ Evertread, XZA1+, XZA2 Energy and X Coach XZ steer tires; XDA Energy, XDA3, X One XDN2, X One XDA Energy, X Multi Energy D and X Line Energy D drive tires; and XTA Energy, XT-1, X One XTA and X One XTE trailer tires. Retreads include XDA2 19 and 23, and X One XDA-HT drive, and XT-1 AT and X One XTA Pre-Mold trailer models. www.michelintruck.com

Yokohama

The SmartWay verified 709ZL drive tire from Yokohama employs the company's Zenvironment technology, which combines the latest in casing, rubber compounding and tread design. Set to debut in March are the 445/50R22.5 TY517 ultra low profile wide base drive tire and the RY407 wide base trailer tire. www.yokohamatire.com
